YILTEX ARMOR

YILTEX

www.yiltexarmor.com

About our company;

Our company has been working in textile field since 1985.

We have produce work clothes and equipments for military services and civilians and we sell it to foreign companies that have prestige in abroad. We have three hundrend(300) machinery park and 5000 m2 in door area and it increases day by day.

Our company got famous with high-quality exportation and we participated in manyfairs.

Also we build seller networks thanks to our exports to famous brands in Turkey/Corum industrial area.Were no vate our manufacturing technology in every three (3) years and we prefer raw materials that have high-level international certificate.

All productions are checked before arrive customer.

Along with textile,

also ballistic platesare become ready to sell with all quality certificates. Also our company produce uniformal and tactical clothes.

We would like to see you among us.

Your sincerely...

A.Abbas BOYNUEGRI

YILTEX ARMOR

YILTEX

www.yiltexarmor.com

Cod: YA0001

The product is made of 500 din original COORDRA fabric. CAN BE MADE IN 10000 DN

IC cuts were made with laser cutting sewn with the Mole system.

Vest protection level LEVEL 3 AND LEVEL 4 have soft and hard ballistic pockets for ballistic protection.

Reinforced with 6.6 polyamide densely knit woven columns

The inner pad is pressed with 60 densi sponge strengthened against impacts.

Shock opening system is made with side plyurethane buckles.

As soon as the top buckets are pulled on the mechanism, like the plastic side buckles, the shock pops up abruptly.

It is a military type model that is completely operational oriented.

Stealth Fighter K9 Level IIIA Ballistic Vest - Size Large The Stealth Fighter K-9 Ballistic Vest offers the highest, soft body armour protection available at a Level 3A. This K-9 vest was designed to be worn at all times while on patrol and offer maximum mobility while protecting major vital organs. The side panels, front chest plate and shoulder straps all have Level 3A ballistic panels in them that will stop all handgun ammo. This Mil-Spec K-9 vest has a cool mesh lining on the underside to provide continuous airflow between the dog, and the vest which allows water to escape the vest once the dog comes out of the water. The ballistic panels are sealed in a waterproof nylon and are removable so the vest can be easily cleaned. This vest only weighs between 2.5 - 5.5 lbs depending on its size. Available in: BlackCoyote BrownMulti CamFits 75 to 85 pound German Shepherds waste eye and Malinois**This item will only be shipped within the Continental United States and Canada

K-9 Tactical Edge Level II Ballistic Vest with spike package for TURKEY ShepherdsN.I.J. Certified Level II ballistic vest with N.I.J. Certified Level II spike package (stab/shank proof). **This item will only be shipped within the Continental United States

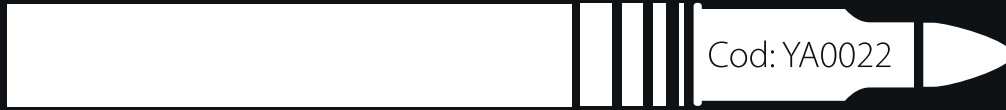

K-9 Tactical Edge Level II Ballistic Vest with Spike Package (Stab and Shank Resistant) The N.I.J. Certified Level II ballistic vests are the lightest and most flexible Level II ballistic vests on the market. Multiple hit capacityStab and Shank resistantD-Ring hookup in front and rear on top of vest for snap leadComes with two velcro I.D. panels of your choice (These are the same panels used on our I.D. collar and harness and are interchangeable)Outer cover made of ballistic nylon for easy cleaning Handle on top of vestGerman Shepherd vest weighs 8 lbs and Malinois model (Item # KV300) weighs 7 lbs.NOTE: These items cannot be shipped outside of the US.Adjustable, so that one size fits all.Made from 2" Mil-Spec nylonFeatures a contour, quick release, cop-lock buckle and a 2" D-ringUses same I.D. Panels as the Elite K-9 Patrol HarnessI.D. Panels are removable and have a velcro backingThis item will only be shipped within the Continental United States and Canada**
